

Welsh Cultural Studies

Course Outline

Window on Wales is a vocational qualification which enables learners to develop their understanding of life in Wales, the UK, Europe and its place in the world. The qualification supports young people's learning across political, social, economic and cultural elements.

The qualification covers a wide range of curriculum areas including information and communication technology, literacy and numeracy, science, history and young people's rights

What will I study?

Students will explore three main areas:

- The Culture of Wales
- The History and Geography of Wales
- The Politics and Society of Wales

There are many units to choose from which cover a wide range of topics such as tourism in Wales, Welsh history, leisure time in Wales, traditions and customs of Wales and the geography of Wales.
